---

We would like to introduce CNG Services of Arizona to your organization.

We provide fueling systems for Natural Gas Vehicles (NGV) using Compressed Natural Gas (CNG). We are the Statewide FuelMaker Dealer for Arizona, we sell and service FuelMaker's patented Vehicle Refueling Appliances (VRA). We currently service over 300 FuelMaker units across the State of Arizona.

**Natural Gas as a vehicle fuel offers many advantages-**

- **Lower Fuel Cost**
- **Stable Fuel Price For Your Budget**
- **More Efficient Direct Pipeline Delivery**
- **Longer Vehicle Engine Life**
- **Extended Vehicle Engine Service Intervals**
- **Cleaner Emissions And Cleaner Air**
- **Convenient On-Site Refueling**
- **No EPA Spill Hazards, CNG Is Safer Than Gasoline Or Propane**
- **HOV Lane Access On The Freeway Saves Travel Time**

We have several different packages and combinations of products to meet your needs, all FuelMaker products are modular and can be customized to application.

We also offer Xebec Gas Driers, Fueling Technologies Dispensers, and Ward Card Readers. We would like to be on your bid list for CNG equipment and a resource for any CNG/Alt Fuel questions, repairs, or problems you may have. FuelMaker Equipment is GSA Advantage Purchasing approved, we also accept purchase orders and major credits cards. **Using Natural Gas in your vehicles shows your community you care about the environment and our earth. We appreciate your consideration.**

Kindest Regards,

David Clement  
Owner  
CNG Services of Arizona
